# Use *QualityPath*® to Get Care That's Right for You

## Take the Right Path.

*QualityPath* doctors, hospitals and clinics:

- ▶ Meet quality measures.
- ▶ Take steps to provide better care.

When you have a *QualityPath* surgery, you get a personal guide to the health system - the Patient Experience Manager.

## Decide if This is the Right Time.

With *QualityPath*, doctors help you decide whether now is the right time for this test or this surgery.

## Pay the Right Price (sometimes nothing!).

*QualityPath* pays 100 percent of medical procedure costs under a traditional health plan. The amount you save may change in a plan with a health savings account (HSA).

For surgeries, you must call the Patient Experience Manager.

For CTs and MRIs, go to [www.qualitypath.org](http://www.qualitypath.org)

# When to Use *QualityPath*
